CERTIFICATE

THIS IS TO CERTIFY THAT

AKNUR SEISENOVA

Ph.D. in Chemistry and Chemical Technology, Chief Scientific Researcher and Program Leader, of Scientific Center for New Technologies (LLP), (Almaty, Kazakhstan) has passed a scientific training in the field of environmental monitoring and remote sensing applied to the processing of bio- and mining-metallurgical wastes for the development of high-performance carbon-silicon materials for energy storage systems and attended the Seminar entitled

"Environmental Monitoring"

which took place from August 29th to September 8th, 2026

Sapporo, Japan, September 8th, 2026
Dr. Buho HOSHINO
Professor
Laboratory of Remote Sensing of Environment
Rakuno Gakuen University & Hokkaido University
Department of Environmental Sciences

〒069-8501 江別市文京台緑町582
酪農学園大学
農食環境学群 環境共生学類
